Informed Consent to Chiropractic Treatment at Anderson Bauman Chiropractic

The Nature of Chiropractic Examination and Treatment: The doctor will perform a physical examination. X-rays may be taken to evaluate your condition. The doctor will use his/her hands in order to move your joints. You may feel a “click” or “pop” similar to the noise produced when a knuckle is “cracked,” and you may feel movement of the joint. Various ancillary procedures, such as hot or cold packs, electric muscle stimulation, therapeutic ultrasound, or traction may also be used. Exercise and massage therapy may be recommended.

Benefits of Chiropractic Treatment: Many or most patients will feel improvement in motion, decreased muscle and joint pain and improved well-being after a series of chiropractic adjustments.

Possible Risks: As with any health care procedure, complications are possible following chiropractic treatment. Complications could conceivably include fracture of bone, muscular strain, ligamentous sprain, dislocations of joints, or injury to intervertebral discs, nerves, or spinal cord. A minority of patients may notice stiffness or soreness after the first few days of treatment. The ancillary procedures could produce skin irritation, burns, or other minor complications. X-rays produce ionizing radiation. There are reported cases of stroke associated with visits to medical doctors and chiropractors. The best quality scientific evidence does not establish a cause and effect relationship between chiropractic treatment and the occurrence of stroke; rather, it indicates that patients may be consulting medical doctors and/or chiropractors for symptoms of headache and neck pain when they are in the early stages of a stroke. The possibility of such injuries occurring in associated with chiropractic treatment is extremely remote.

Probability of Risks Occurring: The risks of complications due to chiropractic treatment have been described as “rare” to “extremely rare”.

Other Treatment Options which could be considered include the following:

1. *Over-the-counter analgesics.* The risks of these medications include irritation to the stomach, liver, and kidneys, increased cardiovascular risk, and other side effects in a significant number of cases.
2. *Medical care,* typically anti-inflammatory drugs, tranquilizers, and analgesics. Risks of these prescription drugs include all side effects as above, plus patient dependence in a significant number of cases.
3. *Hospitalization* in conjunction with medical care adds additional risk of exposure to medical error, infection and other complications in a significant number of cases.
4. *Surgery* in conjunction with medical care adds the risks of adverse reaction to anesthesia, as well as an extended convalescent period in a significant number of cases.

Risks of Remaining Untreated: Delay of treatment allows formation of adhesions, scar tissue, and other degenerative changes. These changes can further reduce skeletal mobility, and induce chronic pain cycles. It is quite probable that delay of treatment will complicate the condition and make further rehabilitation more difficult.

Unusual Risks: I have had the following unusual risks of my case explained to me:

_____ Patient or Parent/Legal Guardian Initials

I have read the above explanation of chiropractic treatment. I have had the opportunity to have any questions answered to my satisfaction. I have fully evaluated the risks and benefits of undergoing treatment. I have freely decided to undergo the recommended treatment, and hereby give my full consent to treatment. This informed consent will remain in effect unless there are significant changes in my diagnosis. I have the right to withdraw my consent at any time, upon written notice. I have the right to refuse treatment at any time.

Anderson Bauman Chiropractic Financial Policy

We strive to provide the highest quality health care, all the while maintaining affordability for you, the patient. We understand that even with insurance, most patients will experience at least some out of pocket expense.

Participating Insurance

Our office will accept your insurance on assignment and do participate as preferred providers for many insurance plans. However, it must be fully understood that your insurance policy is a contract between you and your insurance company. Our office will not enter into a dispute with your insurance company over policy limitations or issues. This is your responsibility and obligation. All charges incurred are your responsibility. If you have a question or concern with your reimbursement, you will need to contact your employer or insurance company. Our office will file your claims for you and assist you in every way possible to ensure benefit recovery. We cannot be certain if your insurance covers chiropractic care, although most policies do provide coverage. The amount they pay varies from one policy to another. We will call to verify benefits on your insurance; however, the benefits quoted to us by your insurance company are not a guarantee of payment. It is our policy and agreed that any services rendered are charged to you directly and you are responsible for payment of any non-covered services, deductibles or copays.

You are also responsible for updating health insurance information with the front desk any time it changes, terminates, or new coverage begins. Our office is subject to a "timely filing period" which means that if you do not supply us with health insurance information in a timely fashion, the claim may be denied and you agree to pay for these services.

High Deductible Insurance Plans

We will gladly bill your insurance company for you, and will call to determine your chiropractic benefits. We do require patients with high deductible plans to make a weekly payment on their account during active care. The amount to be paid will be discussed and agreed upon by you and the front desk staff.

Patients without Insurance or Self-Pay Patients

We require that you pay at the time of service unless other arrangements have been made (ie. a monthly payment plan or CAP agreement). Patients that are put on a CAP agreement (discussed & decided between the patient and the doctor) will be required to make their agreed upon monthly payments. If the monthly payments are not made, a 1.5% interest charge will be applied. You will continue to receive a statement in the mail until the CAP amount is fully paid. Once the CAP amount has been paid in full, your remaining balance will be written off. We are happy to accept cash, check, Mastercard, Visa, and HSA cards. No insurance will be billed.

Medicare Patients

Our office accepts assignment from Medicare. Reimbursement is sent directly to our office in payment for chiropractic services that Medicare will cover. Medicare will **ONLY** cover manipulation of the spine. Medicare pays 80% of the allowable fee once the deductible has been met. You are required to pay the deductible and the remaining fees for services Medicare does not reimburse. These non-covered services include, but are not limited to, x-rays, examinations, therapies, orthotics, supplies/supports, massages, and/or nutritional supplements. Medicare patients are fully responsible for charges of non-covered services. Secondary or supplemental insurance may or may not pay for these non-covered services.

Secondary/Supplemental Insurance

Please inform us of any secondary or supplemental insurance you may have. We will file and collect from your secondary insurance for services covered by the secondary payer.

Flex Plans/Medical Savings Accounts

Please inform us if you have a medical savings account, or a 'flex spending plan'. We will be happy to provide you with a statement of your charges for reimbursement.

Please read the following office policy regarding assignments:

1. At the beginning of your treatment in our office, we will verify your policy benefits. However, phone or fax verification of coverage is never a guarantee of payment.
2. Returned checks will be subject to an additional fee.
3. You will be charged a 1.5% interest rate on any payment plans that aren't kept current.
4. Your insurance will be filed as a courtesy to you. We file insurance claims on a weekly basis and it takes 3-4 weeks to hear back on said claims from insurance.
5. You will be responsible for your full deductible and co-payment or co-insurance. Payment is due when services are rendered (unless other arrangements have been made). If your insurance company does not pay something that was anticipated, you will be responsible for the amount as soon as we/you are aware of the denial (we sent out denial letters as we receive them and patient statements once per month).

I have read and understand this financial policy. I realize that I am responsible for all charges incurred by me/or my child at Anderson Bauman Chiropractic and agree to the above terms.
