

ATTENTION: UNITED HEALTHCARE PATIENTS

Under your health plan, you are financially responsible for co-payment, co-insurance and deductibles for covered services, as well as those services that exceed benefit limits. Your health plan only allows a total of \$50 per visit, (they are bundling all charges usually billed into one fee). Because of this new procedure from your health plan, we will no longer be billing your health plan for ANY services but a chiropractic manipulation (98940, 98941) and interferential therapy (G0283) or if you come in just for the below therapies without a manipulation done on the same day.

The services below will not be billed to your health plan unless you come in on a different day to have the below services performed. We have reduced these fees to our cash price. Your acknowledgement below indicates that you have been advised of this information and that you agree to pay for the listed services below.

Supplies/Supports	Various Fee's
Exam*	\$25
Exam Extended*	\$50
Traction Therapy	\$10
Ultrasound Therapy	\$10
Extremity Adjustment	\$10
Exercise Consultation	\$10
Manual Therapy Techniques	\$20
Cervical X-ray	\$40
Thoracic X-ray	\$50
Lumbar X-ray	\$50

If you have a copay or a deductible, you will still be responsible for those payments as well as the cash discounted services you receive. *(Ex. If you have a \$50 copay and receive traction therapy then \$60 would be owed for that date of service.)*

We appreciate *your* continued understanding as the world of insurance continues to make changes and we will continue to work to keep your care as affordable as possible.

Patient Billing Acknowledgement Form Non-Covered Services**

Under your health plan, you are financially responsible for co-payments, co-insurance and deductibles for covered services, as well as those services that exceed benefit limits. You are also financially responsible for all non-covered services as defined by your health plan contract. For example, this may include items such as supplies, vitamins, or durable medical equipment.

The services or products listed below are not covered according to your health plan. Your acknowledgement below indicates that you have been advised of this information and that you agree to pay for the listed services or products.

Services Agreement

I, _____, being a patient of Anderson Bauman Chiropractic located at 733 North Pine St, Burlington, WI, acknowledge that it has been explained to me that the following **services may not be covered or are not covered** by the benefits available to me under the terms of my Health Plan or insurance policy:

- Exams
- Spinal Manipulations
- Massages
- Extremity Manipulations
- Hot/Cold packs
- Interferential
- X-Rays
- Therapeutic activities/exercises
- Manual Therapy Techniques
- Orthotics
- Traction
- Ultrasound
- Supplies/Supports

The reason for this is that:

- This service is excluded from my plan coverage or
- This service has not been authorized by my health plan or
- This service or services may be determined to be a maintenance, preventive, or wellness care

I agree to pay for these services myself and to make financial arrangements, if needed, with Anderson Bauman Chiropractic.

Informed Consent to Chiropractic Treatment at Anderson Bauman Chiropractic

The Nature of Chiropractic Examination and Treatment: The doctor will perform a physical examination. X-rays may be taken to evaluate your condition. The doctor will use his/her hands in order to move your joints. You may feel a “click” or “pop” similar to the noise produced when a knuckle is “cracked,” and you may feel movement of the joint. Various ancillary procedures, such as hot or cold packs, electric muscle stimulation, therapeutic ultrasound, or traction may also be used. Exercise and massage therapy may be recommended.

Benefits of Chiropractic Treatment: Many or most patients will feel improvement in motion, decreased muscle and joint pain and improved well-being after a series of chiropractic adjustments.

Possible Risks: As with any health care procedure, complications are possible following chiropractic treatment. Complications could conceivably include fracture of bone, muscular strain, ligamentous sprain, dislocations of joints, or injury to intervertebral discs, nerves, or spinal cord. A minority of patients may notice stiffness or soreness after the first few days of treatment. The ancillary procedures could produce skin irritation, burns, or other minor complications. X-rays produce ionizing radiation. There are reported cases of stroke associated with visits to medical doctors and chiropractors. The best quality scientific evidence does not establish a cause and effect relationship between chiropractic treatment and the occurrence of stroke; rather, it indicates that patients may be consulting medical doctors and/or chiropractors for symptoms of headache and neck pain when they are in the early stages of a stroke. The possibility of such injuries occurring in associated with chiropractic treatment is extremely remote.

Probability of Risks Occurring: The risks of complications due to chiropractic treatment have been described as “rare” to “extremely rare”.

Other Treatment Options which could be considered include the following:

1. *Over-the-counter analgesics.* The risks of these medications include irritation to the stomach, liver, and kidneys, increased cardiovascular risk, and other side effects in a significant number of cases.
2. *Medical care,* typically anti-inflammatory drugs, tranquilizers, and analgesics. Risks of these prescription drugs include all side effects as above, plus patient dependence in a significant number of cases.
3. *Hospitalization* in conjunction with medical care adds additional risk of exposure to medical error, infection and other complications in a significant number of cases.
4. *Surgery* in conjunction with medical care adds the risks of adverse reaction to anesthesia, as well as an extended convalescent period in a significant number of cases.

Risks of Remaining Untreated: Delay of treatment allows formation of adhesions, scar tissue, and other degenerative changes. These changes can further reduce skeletal mobility, and induce chronic pain cycles. It is quite probable that delay of treatment will complicate the condition and make further rehabilitation more difficult.

Unusual Risks: I have had the following unusual risks of my case explained to me:

_____ Patient or Parent/Legal Guardian Initials

I have read the above explanation of chiropractic treatment. I have had the opportunity to have any questions answered to my satisfaction. I have fully evaluated the risks and benefits of undergoing treatment. I have freely decided to undergo the recommended treatment, and hereby give my full consent to treatment. This informed consent will remain in effect unless there are significant changes in my diagnosis. I have the right to withdraw my consent at any time, upon written notice. I have the right to refuse treatment at any time.

Anderson Bauman Chiropractic Financial Policy

We strive to provide the highest quality health care, all the while maintaining affordability for you, the patient. We understand that even with insurance, most patients will experience at least some out of pocket expense.

Participating Insurance

Our office will accept your insurance on assignment and do participate as preferred providers for many insurance plans. However, it must be fully understood that your insurance policy is a contract between you and your insurance company. Our office will not enter into a dispute with your insurance company over policy limitations or issues. This is your responsibility and obligation. All charges incurred are your responsibility. If you have a question or concern with your reimbursement, you will need to contact your employer or insurance company. Our office will file your claims for you and assist you in every way possible to ensure benefit recovery. We cannot be certain if your insurance covers chiropractic care, although most policies do provide coverage. The amount they pay varies from one policy to another. We will call to verify benefits on your insurance; however, the benefits quoted to us by your insurance company are not a guarantee of payment. It is our policy and agreed that any services rendered are charged to you directly and you are responsible for payment of any non-covered services, deductibles or copays.

You are also responsible for updating health insurance information with the front desk any time it changes, terminates, or new coverage begins. Our office is subject to a "timely filing period" which means that if you do not supply us with health insurance information in a timely fashion, the claim may be denied and you agree to pay for these services.

High Deductible Insurance Plans

We will gladly bill your insurance company for you, and will call to determine your chiropractic benefits. We do require patients with high deductible plans to make a weekly payment on their account during active care. The amount to be paid will be discussed and agreed upon by you and the front desk staff.

Patients without Insurance or Self-Pay Patients

We require that you pay at the time of service unless other arrangements have been made (ie. a monthly payment plan or CAP agreement). Patients that are put on a CAP agreement (discussed & decided between the patient and the doctor) will be required to make their agreed upon monthly payments. If the monthly payments are not made, a 1.5% interest charge will be applied. You will continue to receive a statement in the mail until the CAP amount is fully paid. Once the CAP amount has been paid in full, your remaining balance will be written off. We are happy to accept cash, check, Mastercard, Visa, and HSA cards. No insurance will be billed.

Medicare Patients

Our office accepts assignment from Medicare. Reimbursement is sent directly to our office in payment for chiropractic services that Medicare will cover. Medicare will **ONLY** cover manipulation of the spine. Medicare pays 80% of the allowable fee once the deductible has been met. You are required to pay the deductible and the remaining fees for services Medicare does not reimburse. These non-covered services include, but are not limited to, x-rays, examinations, therapies, orthotics, supplies/supports, massages, and/or nutritional supplements. Medicare patients are fully responsible for charges of non-covered services. Secondary or supplemental insurance may or may not pay for these non-covered services.

Secondary/Supplemental Insurance

Please inform us of any secondary or supplemental insurance you may have. We will file and collect from your secondary insurance for services covered by the secondary payer.

Flex Plans/Medical Savings Accounts

Please inform us if you have a medical savings account, or a 'flex spending plan'. We will be happy to provide you with a statement of your charges for reimbursement.

Please read the following office policy regarding assignments:

1. At the beginning of your treatment in our office, we will verify your policy benefits. However, phone or fax verification of coverage is never a guarantee of payment.
2. Returned checks will be subject to an additional fee.
3. You will be charged a 1.5% interest rate on any payment plans that aren't kept current.
4. Your insurance will be filed as a courtesy to you. We file insurance claims on a weekly basis and it takes 3-4 weeks to hear back on said claims from insurance.
5. You will be responsible for your full deductible and co-payment or co-insurance. Payment is due when services are rendered (unless other arrangements have been made). If your insurance company does not pay something that was anticipated, you will be responsible for the amount as soon as we/you are aware of the denial (we sent out denial letters as we receive them and patient statements once per month).

I have read and understand this financial policy. I realize that I am responsible for all charges incurred by me/or my child at Anderson Bauman Chiropractic and agree to the above terms.

OSWESTRY CHRONIC UPPER BACK/LOW BACK PAIN DISABILITY QUESTIONNAIRE

This questionnaire is designed to enable us to understand how much your low back pain has affected your ability to manage your everyday activities. Please answer each section by circling the **ONE CHOICE** that most applies to you. We realize that you may feel that more than one statement may relate to you, but please just circle the one choice which most closely describes your problem right now.

Section 1 – Pain Intensity

- 0 – The pain comes and goes and is very mild
- 1 – The pain is mild and does not vary much
- 2 – The pain comes and goes and is moderate
- 3 – the pain is moderate and does not vary much
- 4 – The pain comes and goes and is severe
- 5 – The pain is severe and does not vary much

Section 2 – Personal Care

- 0 – I would not have to change my way of washing or dressing in order to avoid pain
- 1 – I do not normally change my way of washing or dressing even though it causes some pain
- 2 – Washing and dressing increases the pain, but I manage not to change my way of doing it
- 3 – Washing and dressing increases the pain and I find it necessary to change my way of doing it
- 4 – Because of the pain, I am unable to do some washing and dressing without help
- 5 – Because of the pain, I am unable to do any washing or dressing without help

Section 3 – Lifting

- 0 – I can lift heavy weights without extra pain
- 1 – I can lift heavy weights, but it causes extra pain
- 2 – Pain prevents me from lifting heavy weights off the floor
- 3 – Pain prevents me from lifting heavy weights off the floor, but I can manage if they are conveniently positioned, e.g., on a table
- 4 – Pain prevents me from lifting heavy weights, but I can manage light to medium weights if they are conveniently positioned
- 5 – I can only lift very light weights, at the most

Section 4 – Walking

- 0 – Pain does not prevent me from walking any distance
- 1 – Pain prevents me from walking more than one mile
- 2 – Pain prevents me from walking more than ½ mile
- 3 – Pain prevents me from walking more than ¼ mile
- 4 – I can only walk while using a cane or on crutches
- 5 – I am in bed most of the time and have to crawl to the toilet

Section 5 – Sitting

- 0 – I can sit in any chair as long as I like without pain
- 1 – I can only sit in my favorite chair as long as I like
- 2 – Pain prevents me from sitting more than one hour
- 3 – Pain prevents me from sitting more than ½ hour
- 4 – Pain prevents me from sitting more than 10 min
- 5 – Pain prevents me from sitting at all

Section 6 – Standing

- 0 – I can stand as long as I want without pain
- 1 – I have some pain while standing, but it does not increase with time
- 2 – I cannot stand for longer than one hour without increasing pain
- 3 – I cannot stand for longer than ½ hour without increasing pain
- 4 – I cannot stand for longer than ten minutes without increasing pain
- 5 – I avoid standing, because it increases the pain

Section 7 – Sleeping

- 0 – I get no pain in bed
- 1 – I get pain in bed, but it does not prevent me from sleeping well
- 2 – Because of the pain, my normal night's sleep is reduced by less than 1 quarter
- 3 – Because of pain, my normal night's sleep is reduced by less than 1 half
- 4 – Because of pain, my normal night's sleep is reduced by less than three quarters
- 5 – Pain prevents me from sleeping at all

Section 8 – Social Life

- 0 – My social life is normal and gives me no pain
- 1 – My social life is normal, but increases the degree of my pain
- 2 – Pain has no significant effect on my social life apart from limiting my more energetic interests, e.g., dancing, etc
- 3 – Pain has restricted my social life and I do not go out very often
- 4 – Pain has restricted my social life to my home
- 5 – I have hardly any social life because of the pain

Section 9 – Traveling

- 0 – I get no pain while traveling
- 1 – I get some pain while traveling, but none of my usual forms of travel make it any worse
- 2 – I get extra pain while traveling, but it does not compel me to seek alternative forms of travel
- 3 – I get extra pain while traveling which compels me to seek alternative forms of travel
- 4 – Pain restricts all forms of travel
- 5 – Pain prevents all forms of travel except that done lying down

Section 10 – Changing Degree of Pain

- 0 – My pain is rapidly getting better
- 1 – My pain fluctuates, but overall is definitely getting better
- 2 – My pain seems to be getting better, but improvement is slow at present
- 3 – My pain is neither getting better nor worse
- 4 – My pain is gradually worsening
- 5 – My pain is rapidly worsening

NECK PAIN DISABILITY QUESTIONNAIRE

This questionnaire is designed to enable us to understand how much your neck pain has affected your ability to manage your everyday activities. Please answer each section by circling the **ONE CHOICE** that most applies to you. We realize that you may feel that more than one statement may relate to you, but please just circle the one choice which most closely describes your problem right now.

From: N. Hudson, K. Tome-Nicholson, A. Breen; 1989

Section 1 – Pain Intensity

- 0 – The pain comes and goes and is very mild
- 1 – The pain is mild and does not vary much
- 2 – The pain comes and goes and is moderate
- 3 – the pain is moderate and does not vary much
- 4 – The pain comes and goes and is severe
- 5 – The pain is severe and does not vary much

Section 2 – Personal Care (washing, dressing, etc)

- 0 – I can look after myself normally without causing extra pain
- 1 – I can look after myself normally, but it causes extra pain
- 2 – It is painful to look after myself and I am slow and careful
- 3 – I need some help, but manage most of my personal care
- 4 – I need help every day in most aspects of self care
- 5 – I do not get dressed, I wash with difficulty and stay in bed

Section 3 – Lifting

- 0 – I can lift heavy weights without extra pain
- 1 – I can lift heavy weights, but it causes extra pain
- 2 – Pain prevents me from lifting heavy weights off the floor
- 3 – Pain prevents me from lifting heavy weights off the floor, but I can manage if they are conveniently positioned, e.g., on a table
- 4 – Pain prevents me from lifting heavy weights, but I can manage light to medium weights if they are conveniently positioned
- 5 – I can not lift or carry anything at all

Section 4 – Reading

- 0 – I can read as much as I want to with no pain in my neck
- 1 – I can read as much as I want to with slight pain in my neck
- 2 – I can read as much as I want with moderate pain in my neck
- 3 – I cannot read as much as I want because of moderate pain in my neck
- 4 – I cannot read as much as I want because of severe pain in my neck
- 5 – I cannot read at all

Section 5 – Headaches

- 0 – I have no headaches at all
- 1 – I have slight headaches which come infrequently
- 2 – I have moderate headaches which come infrequently
- 3 – I have moderate headaches which come frequently
- 4 – I have severe headaches which come frequently
- 5 – I have headaches almost all the time

Section 6 – Concentration

- 0 – I can concentrate fully when I want to with no difficulty
- 1 – I can concentrate fully when I want to with slight difficulty
- 2 – I have a fair degree of difficulty in concentrating when I want to
- 3 – I have a lot of difficulty in concentrating when I want to
- 4 – I have a great deal of difficulty in concentrating when I want to
- 5 – I cannot concentrate at all

Section 7 – Work

- 0 – I can do as much work as I want to
- 1 – I can only do my usual work, but no more
- 2 – I can do most of my usual work, but no more
- 3 – I cannot do my usual work
- 4 – I can hardly do any work at all
- 5 – I cannot do any work at all

Section 8 – Driving

- 0 – I can drive my car without any neck pain
- 1 – I can drive my car as long as I want with slight pain in my neck
- 2 – I can drive my car as long as I want with moderate pain in my neck
- 3 – I cannot drive my car as long as I want because of moderate pain in my neck
- 4 – I can hardly drive at all because of severe pain in my neck
- 5 – I cannot drive my car at all

Section 9 - Sleeping

- 0 – I have no trouble sleeping
- 1 – My sleep is slightly disturbed (less than 1 hour sleepless)
- 2 – My sleep is mildly disturbed (1-2 hours sleepless)
- 3 – My sleep is moderately disturbed (2-3 hours sleepless)
- 4 – My sleep is greatly disturbed (3-5 hours sleepless)
- 5 – My sleep is completely disturbed (5-7 hours sleepless)

Section 10 – Recreation

- 0 – I am able to engage in all of my recreational activities, with no neck pain at all
- 1 – I am able to engage in all of my recreational activities, with some pain in my neck
- 2 – I am able to engage in most, but not all of my usual recreational activities because of pain in my neck
- 3 – I am able to engage in a few of my usual recreational activities because of pain in my neck
- 4 – I can hardly do any recreational activities because of pain in my neck
- 5 – I cannot do any recreational activities at all

Initials _____ I instruct the chiropractor to deliver the care that, in his or her professional judgment, can best help me in the restoration of my health. I also understand that the chiropractor care offered in this practice is based on the best available evidence and designed to reduce or correct vertebral subluxation. Chiropractic is a separate and distinct healing art form medicine and does not proclaim to cure any named disease or entity.

Initials _____ I may request a copy of the privacy policy and understand it describes how my personal health information is protected and released on my behalf for seeking reimbursement from any involved third parties.

Initials _____ I grant permission to be called to confirm or reschedule an appointment and to be send occasional cards, letters, emails or health information to me as an extension of my care in this office.

Initials _____ I acknowledge that any insurance I may have is an agreement between the carrier and me and that I am responsible for the payment of any covered or non-covered services I receive.

Initials _____ To the best of my ability, the information I have supplied is complete and truthful. I have not misrepresented the presence, severity or cause of my health concern.
